Limited Damage Waiver
Attachment D

NOTICE: PENSKE OFFERS, FOR AN ADDITIONAL CHARGE, LIMITED DAMAGE WAIVER ("LDW") TO COVER YOUR FINANCIAL RESPONSIBILITY FOR DAMAGE OR LOSS TO YOUR RENTAL VEHICLE. THE PURCHASE OF LDW IS OPTIONAL AND IS NOT REQUIRED TO RENT THE VEHICLE. LDW IS NOT INSURANCE.

BEFORE DECIDING WHETHER TO PURCHASE LDW, YOU MAY WISH TO DETERMINE WHETHER YOUR OWN AUTOMOBILE INSURANCE OR CREDIT CARD PROVIDES YOU COVERAGE FOR DAMAGE TO THE VEHICLE AND THE AMOUNT OF DEDUCTIBLE UNDER SUCH COVERAGE. YOU MAY ALREADY BE SUFFICIENTLY COVERED UNDER YOUR OWN AUTOMOBILE INSURANCE POLICY OR CREDIT CARD. YOUR OWN AUTOMOBILE INSURANCE MAY COVER COLLISION DAMAGE, FIRE AND THEFT DAMAGE, AND PERSONAL INJURY INCURRED WHILE USING A RENTAL VEHICLE.

The Terms of this Attachment shall govern the Customer's option to purchase the Limited Damage Waiver ("LDW"). The defined terms used in this Attachment shall have the same meaning as those terms are used throughout the Rental Agreement.

A. Limited Damage Waiver Protection. If Customer elects to purchase the LDW, Penske agrees, subject to the exclusions to LDW listed in Section B below, to contractually waive Customer's responsibility for the cost of damage to the Vehicle or attached equipment whether or not due to the fault, negligence or any other act of the Customer for physical damage in excess of the Customer responsibility noted on the Cover Sheet.

B. Exclusions to Limited Damage Waiver. Notwithstanding the foregoing and Customer's election of the LDW protection, and to the extent permitted by applicable law, any damage or loss to the Vehicle directly resulting from one or more of the following situations is not covered by LDW protection and Customer shall be liable for all such damage or loss (each, an "LDW Exclusion"):

(1) Use of the Vehicle without Penske's permission;
(2) Use of the Vehicle off a paved road;
(3) Use of the Vehicle in a reckless or abusive manner or in violation of law or regulations;
(4) For Commercial Rentals, insufficient clearance (height or width);
(5) Overloading or transporting a weight in excess of the maximum payload specified on the Rental Agreement;
(6) Improperly loading Vehicle or improperly securing such load, or improper coupling;
(7) Using Vehicle, if a truck or tractor, as a trailer;
(8) Riot, strike or civil commotion;
(9) Customer's or his (her) agent's or employee's failure to remove Vehicle's ignition keys from Vehicle while it is unattended;
(10) Driver's operation of the Vehicle while legally intoxicated or under the influence of any illegal drugs (as defined by the laws of the state where the damage occurs);
(11) Operation of the Vehicle to tow or push cargo or any other object in a manner not permitted by the Rental Agreement;
(12) Operation of the Vehicle to carry persons for hire;
(13) For Household Rentals, operation of the Vehicle to carry property for hire;
(14) Operation of Vehicle in any speed contest;
(15) Use of the Vehicle outside the United States unless that use is specifically authorized in the Rental Agreement;
(16) Any damage or loss which occurs to a Vehicle if the Customer provided fraudulent or false information and Penske would not have rented the Vehicle if it had received true information;
(17) Use of the Vehicle by a person other than an authorized operator (as defined in the Rental Agreement).
(18) Putting the wrong type of fuel or fluid into the Vehicle.

PENSKE Dedication at every turn.

Selective Catalytic Reduction and Diesel Exhaust Fluid

What you need to know

New emission technologies require new dashboard alerts

To meet stricter government diesel emission requirements and to help deliver improvements to overall vehicle operation while protecting the environment, Penske vehicles that are model year 2011 and newer are equipped with additional driver notification symbols on the dashboard.

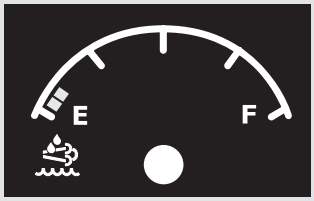
Why we need new dashboard signs.
Selective Catalytic Reduction (SCR) is the leading diesel engine technology being used to meet federal emission regulations. With the new emissions requirements, manufacturers had to add new indicator signs to the dashboard.

With this change, it's important for drivers to recognize the new symbols on the dashboard and know how to respond safely and efficiently.

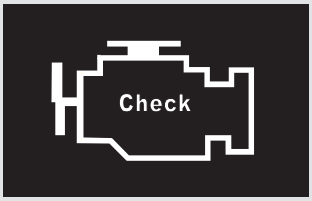
What you need to know.
DEF is stored in a separate tank from diesel. Just like filling up a diesel tank, drivers will need to watch their DEF gauge and fill the tank when needed. They can refill the tank at any Penske fueling location or major truck stop. On average, heavy-duty vehicles can go approximately 300 miles per gallon of DEF and medium duty vehicles can go about 400 miles per gallon of DEF.

Lights on your dashboard.

What your DEF gauge may look like.



Warning lights requiring action or your vehicle may not operate properly.



Signals an emissions malfunction.

Signals that the DEF is getting low.
